

Product Highlights:

- High efficiency, 140lm/W
- Extruded anti-UV high grade polycarbonate housing
- IP65 waterproof and IK08 impact resistance
- 50,000 hours lifetime
- Surge Protection of 5kV Line-Line, 10kV Line-Earth

Light is sustainable OLUX LED Canopy Light

Lightweight and compact, LED canopy lights are easy to install.

Light is OSRAM

OSRAM

OLUX LED CANOPY LIGHT

The LED Canopy Light is an innovative new suite of outdoor ceiling-mounted lighting products from OSRAM. Lightweight and compact, are easy to install. These LED canopy luminaires have long lifetime and are highly energy efficient, offering considerable savings in maintenance and energy consumption over conventional alternatives.

Features and benefits

- Recessed canopy lighting
- Symmetric light distribution options to direct light and minimise light spill
- Reliable LED source proven for low lumen depreciation over time to LM 80
- Recessed mounting adapter available on request
- White light with good colour rendering of 70
- Dimmable on demand

Ideal applications

OSRAM'S LED canopy light is suitable for service stations, parking garages and industrial applications.
